Partnership with the taxpayer provides tax education and combating tax evasion

Oversees companies and combat tax evasion. To this end, the Nota Paraná Program was created, which has completed 5 years in 2020 and has already **surpassed the R\$ 2 billion mark of tax returned** to registered citizens and institutions. It is one of the largest tax and citizenship education programs in Brazil!

INNOVATION

In 2020, the State Finance Secretariat of the State of Paraná (SEFA/PR) has initiated a real turning point in the direction of the fiscal and administrative management modernization. We seek fiscal policy transformation through the modernization and enhancement of processes and the implementation of a results-oriented governance model.

MAJOR PROJECTS IN PROGRESS

Profisco II (BID)

Term of 5 years, in order to add new technological platforms to tax and fiscal control, and generate more data to support public policies.

SGT

The Tax Management System (SGT) modernizes processes by integrating ICMS, IPVA and ITCMD into a single registry. Online services on all available platforms.

SOLUTIONS DEVELOPMENT

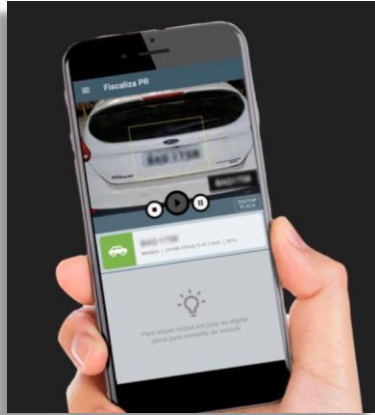

App Menor Preço (App Best Price)

Comparison of the price of products in commercial establishments in your city. The app uses as a data basis the Consumer Invoices in the State, which is Electronic (NFC-e) (4.5 million / day, on average).

App Melhor Hora (App Best Time)

Based on the amount and time of the emission of the invoices, the consumer can choose periods with less flow of people in supermarkets and pharmacies, contributing to the protection on Covid-19.

SOLUTIONS DEVELOPMENT

Fiscaliza PR (Oversee PR)

App makes it possible to consult the situation of registered vehicles in Paraná State with a smartphone camera. Identifies irregularities by the vehicle registration and IPVA, and in addition identifies cases of robbery or break-in.
